Shapes of Pearl Jewelry:Some of the shapes in pearl jewelry that are quite popular are: Round and Oval shape: Round and oval shaped pearls are apt for bridal jewelry and go very well with saris as well. Simple white pearl necklaces also look cool with black cocktail gowns. Irregular Rice Shaped & Potato shaped Pearls: Rice pearls usually have crumples on their surface and come in unequal shapes. Potato pearls have uneven oblong shapes. Dome shaped pearls or Mabe pearls: These have flat surface on either of its side. Keshi: This is a freshwater natural pearl that is becoming quite popular due to its tiny and seed kind of a look. Button & Coin Pearls: Button pearls are flat on one side and coin pearls are entirely flat. These look quite well with western outfits. Popular Colors in Pearls: Pearls are available in rainbow color range. Thus, it is now possible to mix and match the color of your pearl jewelry depending upon the color of your outfit and handbag. You get a variety of pearls such as Akoya pearls that are white in color, Tahitian pearls that are black in color. Pearls are also available in silver color and in peacock color finishing and shimmer. Thus, when it comes to fashion jewelry, pearls are no less and you can find wide array of color and designs in pearls that can define your own fashion statement and can become perfect fashion accessory for you.
